COMMISSION REGULATION (EC) No 790/2009

of 10 August 2009

amending, for the purposes of its adaptation to technical and scientific progress, Regulation (EC) No 1272/2008 of the European Parliament and of the Council on classification, labelling and packaging of substances and mixtures

(Text with EEA relevance)

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Regulation (EC) No 1272/2008 of the European Parliament and of the Council of 16 December 2008 on classification, labelling and packaging of substances and mixtures, amending and repealing Directives 67/548/EEC and 1999/45/EC, and amending Regulation (EC) No 1907/2006 (1), and in particular Article 53 thereof,

Whereas:

Part 3 of Annex VI to Regulation (EC) No 1272/2008 contains two lists of harmonised classification and labelling of hazardous substances. Table 3.1 lists the harmonised classification and labelling of hazardous substances based on the criteria set out in Parts 2 to 5 of Annex I to Regulation (EC) No 1272/2008. Table 3.2 lists the harmonised classification and labelling of hazardous substances based on the criteria set out in Annex VI to Council Directive 67/548/EEC of 27 June 1967 on the approximation of laws, regulations and administrative provisions relating to the classification, packaging and labelling of dangerous substances (2). These two lists need to be amended to include updated classifications for substances already subject to harmonised classification and to include new harmonised classifications. In addition, it is necessary to delete entries for certain substances.

- (3) Recital (53) of Regulation (EC) No 1272/2008 underlines the fact that full account should be taken of the work and experience accumulated under Directive 67/548/EEC, including the classification and labelling of specific substances listed in Annex I to that Directive.
- (4) The harmonised classifications set out in Part 3 of Annex VI to Regulation EC (No) 1272/2008, as amended by this Regulation, should not apply immediately, as a certain period of time will be necessary to allow operators to adapt the labelling and packaging of substances and mixtures to the new classifications. In addition a certain period of time will be necessary to allow operators to comply with registration obligations that are a consequence of the new harmonised classifications for substances classified as carcinogenic, mutagenic or toxic to reproduction, categories 1A and 1B (Table 3.1) and categories 1 and 2 (Table 3.2), or as very toxic to aquatic organisms which may causelong term effects in the aquatic environment, in particular with those set out in Article 23 of Regulation (EC) No 1907/2006 of the European Parliament

⁽²⁾ It is necessary to amend Annex VI to Regulation (EC) No 1272/2008 in order to reflect the recently adopted amendments to Annex I to Directive 67/548/EEC introduced by Commission Directive 2008/58/EC of 21 August 2008 amending, for the purpose of its adaptation to technical progress, for the 30th time, Council Directive 67/548/EEC (³) and by Commission Directive 2009/2/EC of 15 January 2009 amending for the purpose of its adaptation to technical progress, for the 31st time, Council Directive 67/548/EEC (⁴). Those measures constitute adaptations to technical and scientific progress within the meaning of Article 53 of Regulation (EC) No 1272/2008.

and of the Council of 18 December 2006 concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH), establishing a European Chemicals Agency, amending Directive 1999/45/EC and repealing Council Regulation (EEC) No 793/93 and Commission Regulation (EC) No 1488/94 as well as Council Directive 76/769/EEC and Commission Directives 91/155/EEC, 93/67/EEC, 93/105/EC and 2000/21/EC (1).

- (5) In the case of the substances in this Regulation which are updated or added to Part 3 of Annex VI to Regulation (EC) No 1272/2008 it is also appropriate that the obligation to classify substances in accordance with the harmonised classifications set out in Part 3 of Annex VI to Regulation EC (No) 1272/2008, as amended by this Regulation, should coincide with the date set out in Article 23 of Regulation (EC) No 1907/2006 and therefore this regulation should apply from 1 December 2010.
- (6) Suppliers should have the possibility of applying the harmonised classifications set out in Part 3 of Annex VI to Regulation EC (No) 1272/2008, as amended by this Regulation, and of adapting the labelling and packaging accordingly before 1 December 2010, as provided for in Regulation (EC) No 1272/2008.
- (7) The published version of Directive 2009/2/EC mistakenly contained entry No. 607-674-00-0 (branched C10-alkyl benzoates), therefore, it is appropriate to correct this clerical error and not include this entry in Annex VI to Regulation (EC) No 1272/2008.
- (8) The measures provided for in this Regulation are in accordance with the opinion of the Committee established under Article 133 of Regulation (EC) No 1907/2006,

HAS ADOPTED THIS REGULATION:
